To Whom It May Concern:

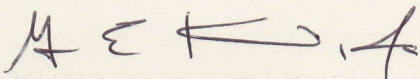

I find myself uniquely qualified to be both a personal and business reference for Scott Sampson. I have had the pleasure of knowing him for 20 plus years. In the last few years I was able to use his consulting expertise for my business.

As a friend Scott is always willing to lend a hand or offer some advice. He is extremely knowledgeable and one of the most dependable people you will ever meet. If you are looking for honest straightforward information and advice he is the one to call.

In business Scott is one of the best people I have had the pleasure to work with. His knowledge of the telecom business is excellent. He is able to provide services that are individually suited to the business at hand. He was able to take a look at my current telecom bills and put together a program that would take an expense to a profit within 30 days. This was a positive revenue increase of over \$800 a month, with improved service and quality to my customers. Even when the carrier made a minor mistake, he personally resolved the issue, and I received a credit for one month of service.

Any company that has the chance to have Scott as an employee would be very lucky to have him. Please feel free to contact me at the number below or on my cell phone at 503-502-8717 if you would like any further information.

Sincerely,

Gerald Koll, Jr.
Executive Director
